

TESAB

TS2600

2 DECK SCREENER

The hugely advanced TS2600 is leading the market in 20' x 5' screeners with its High Quality, High Capacity Performance and Low Operating Cost.

It's outstanding production performance, ease of use, reliability and the quality of the product it can produce is providing fantastic returns for customers throughout the world. Due to its adjustable screenbox angles this machine is incredibly adaptable even in the toughest environments.

It exceeds in a wide range of applications including quarrying, crusher circuits, sand and gravel, coal screening, topsoil, and woodchip. Made from the highest quality components, we've made sure the TS2600 will not let you down. You'll simply not find a better overall 20' x 5' screener on the market.

FEATURES & BENEFITS

- 20' x 5' (6.1m x 1.52m) super high performance Screenbox
- High quality components make this one of the most dependable machines on the market
- 48" (1200mm) feed conveyor ensures high capacity screening
- An extremely adaptable machine that exceeds in a huge range of applications

SCREENER

TESAB

42" (1050mm) feed conveyor enables high capacity screening.

The most advanced 20x5 (6.10m x 1.52m) portable vibratory screening plant in production.

14ft (4267mm) grid opening allows the use of larger loading shovels.

Hydraulic Screenbox linkage system, allows great accessibility for screen change and enables optimum screen coverage at varying screenbox angles.

User friendly wedge system ensures faster screen changes.

PERFORMANCE SPECIFICATION

* Depending on application

Max Feed Size*	Engine Size	Top Deck	Bottom Deck	Middle Deck
up to 650 TPH	CAT 125Hp (93Kw)	6.10m x 1.52m (20' x 5')	5.49m x 1.52m (18' x 5')	-

DIMENSION SPECIFICATION*

* Depending on material density and set-up

TRANSPORT DIMENSIONS			WORKING DIMENSIONS		
Height	Width	Length	Width	Length	Weight (Est.)
3400mm (11' 2")	2900mm (9' 6")	18,450mm (60' 6")	18,240mm (59' 10")	18,780mm (61' 7")	36,000kgs (79,366lbs)
